## BACK ACTION DEMOCRATS.

The New York Herald has opened the Hill boom for the next Presidential campaign, and editorially asserts that unless the Democracy pitches its free trade nonsense overboard at once, and enters the campaign with a protective plank in its platform, that it can never hope to win another campaign.

The Democratic party is adopting its old policy of following somebody else's lead. In all its career it never originated a movement. It fights every new issue brought to the front, and after defeat it embraces the doctrine which defeat taught it was popular, and then poses as the original promulgator of the popular policy.

The last campaign was purely on the tariff question. The Republicans adopted a broad protection platform, and won; the Democracy fought the doctrine with the energy of desperation.

In 1892 the Democratic journals will gravely assert that Protection to American Industries was always its battle cry, and that it taught it to the people of the country.

We would suggest that if the Democrats are getting their eyes open sufficiently to recognize the benefits of protection, they cut loose their old ties and join the Republican party at once.

The present scheme of naming their party The Party of Protection, reminds one of the waiter who, when his guest called for a more expensive brand of wine, coolly took the required brand out of his pocket, and pasting it on the bottle set it down before the astonished customer with the remark:

"There, now, that's the wine you want."

The San Francisco Alta says: "The arid lands of the United States, West of the Rocky mountains, capable of agriculture when irrigated, and with irrigation facilities within reach of engineering science comprise an area equal to that of Great Britain and Ireland, Belgium, Denmark, Norway and Sweden, France, Germany, Italy, Holland and Austro-Hungary combined. If redeemed it will support an equal population per square mile, and this means that Senator Stewart has initiated a proposition to make homes for about 200,000,000 of people. The scheme is grander than all the conquests of Alexander, Caesar and Napoleon."

The Alta is right. There is no more important question before the people of this coast to-day than that of the irrigation of arid lands.

Bierce in the Examiner says: A poor woman in Pomona has "fallen heir" to several millions of dollars. This will prove of great advantage to her. It will enable her to withdraw herself from contact with those who were her friends in adversity and associate on equal terms with those who despised her.

It would be hard to say a sharper thing on the power of money in social life than the above.

The Stockton Mail's clever San Francisco correspondent thinks that the opium vice is having good effect in killing off the hoodlums, meanwhile rendering them comparatively harmless, and destroying their capacity for multiplying their kind. He takes the unusual view that there is no occasion for efforts to break up the sale of opium in San Francisco, believing that the opium vice destroys nobody worth saving.

Ben Butler has shied another brick. He says that Admiral Porter ran away from New Orleans at a critical time and was a coward in war. Porter has always been written up as a man of courage. Time seems to be tottering a good many idols of the war.

Miss Francis Dykes has begun a new suit against George S. van Every, the Santa Monica religious and social magnate, to set aside a conveyance of his property made to avoid the assessment of damages by the Court.

The male trustees in the San Francisco Hospital are in the habit of stripping the female patients to give them a bath, and also attend women as accoucheurs. No doubt, when the next Legislature meets, these fellows will be before the Claims Committee with heavy relief bills for extra services.

The auction sale of Cleveland's horses and carriages at Washington did not draw a crowd of admiring bidders. The whole lot went for about 30 per cent. of their original cost. This shows that the President was not a very good judge of horse flesh when he made the purchases.

Frank Harrison of the Hydrographic survey arrived here yesterday. His business is to measure the volume of water contained in the streams of this State. He will organize a corps here in a few days.

## ALPHA.

ALPHA will make the Season same as Gibraltar. Terms, \$25 for the Season with privilege of return or \$50 to insure a foal. You will see that ALPHA is a very fine bred horse. I am breeding all of my Gibraltar sires to him. He is very speedy, and has shown quarters in 35 seconds and halves in 1 12. He has got a record of 2 40, but if he had not hit one of his ankles, and had to be stopped in his work, would have got a record in 2 35 or 2 36 sure.

## TRIUMPH.

TRIUMPH is a beautiful bay; stands 15.3 and weighs over 1200 and is the finest looking man ever saw. He took the first premium for 3 year old stallions at the State Fair of 1888. TRIUMPH will make the Season same as Gibraltar and Alpha. Terms, \$20 for the season; \$30 to insure.

### PEDIGREE.

Triumph by Prompter, Prompter by Wilson's Blue Bull, the sire of more horses with records from 2 15 to 2 30 than any horse that ever lived. McL. E. Clement, Secretary of the Missouri Trotting and Racing Horse Breeder Association in writing to Dr. Hicks, of Sacramento, owner of Prompter, says that he would rather breed to Prompter than any Stallion that is alive to-day. Triumph's dam is the celebrated St. Clair mare, Lady Brighton, owned by Mr. M. Toomy of Sacramento. His dam is now over 20 years old and can trot in 2 40 any day in the week. Senator Stanford in his catalogue of 1887 was breeding to 26 St. Clair brood mares and the most of his horses that have made the best records for 2-3 and year-olds are out of St. Clair mares, namely: Fred Crocker dam by St. Clair, two year old record 2 25 1/2; Bonito, dam by St. Clair, 2 year old record 2 23 1/2, 3 year old record 2 18 1/2; Manzanita, dam by St. Clair, 4 year old record 2 16 fastest on record.

I have got 400 acres of pasture land enclosed and mares sent in care of me on the cars will be taken to the Ranch and bred and good care taken of them. Pasture, Two dollars per month, or will keep them up for \$20 per month as I have over 100 fine box stalls. Accidents and escapes at owner's risk. There is a fine race track on the Ranch and I will take horses to train or colts to break at reasonable rates. I also have a few Gibraltar colts to sell. If you want a good colt can sell you one cheap. Positively no shooting allowed on the premises.
